

## **Big Roche-A-Cri Lake District policy for mileage reimbursement**

Any employee or member of the District that is required to use his/her personal vehicle for the sole purpose of lake business, may be reimbursed for mileage driven. It is the responsibility of the employee or member to request reimbursement, and is at his/her discretion. The per mile rate for payment will be the IRS recommended amount. This payment shall be made with separate check, not subject to any taxes. The final determination for payment will be made by the Board.
